Ik denk nog vaak aan jullie. Ik heb mijn leiderschapsmodel uitgetekend. Hoe leuk is dit 🥰. Welke "pen" en dikte gebruik jij om poppetjes te tekenen?

loneoerumux Surround your self with evidence - printet these stickers from the freeback I got from my talk on Visual Thinking Copenhagen Meetup. We did a exercise "the Appreciation Game" I pulled these 3 out and printed them for the cover of my notebook 🙏 Thanks to the creators 🙏 @studiolimonillustrations @viz.thinker #surroundyourselfwithevidence
